Viking VP5000 Series Product Announcement

Effective Release: 09/15/16
FSB-0916-VP5000-04

EFJohnson is announcing the availability of the new KENWOOD Viking® VP5000 series portable radios. This new Viking product is an addition to our current Viking series portable radios portfolio introducing a new smaller form factor radio with Viking software feature capabilities. The new VP5000 radio is compatible with Armada® programming and fleet management software, so agencies can mix and match different Viking series radios according to specific department needs while efficiently managing the entire fleet using a common fleet management framework.

The new models available are listed below:
