

# ES Series Portables End of Life Announcement

Date of Issue: 11/25/14

**FSB-1114-EOLESP-03**

With the introduction of the Viking series portfolio and its continuous new product introductions and enhancements, EFJohnson is announcing the end-of-life of its ES series **portable** radios. The Viking portable platform is a fully backward compatible replacement of the ES series portable radio platform with several new features and enhancements.

**Note: The ES mobile platform and product line is NOT PART OF THE END OF LIFE announcement. EFJohnson continues to support, manufacture, and enhance the existing ES mobile portfolio and intends to retain the ES mobiles as the flagship mobile offering for all of its P25 Phase 1 deployments.**

**Last time buy promotion:**

As part of this end of life announcement, EFJohnson is also pleased to offer our current **ES portable** customers the opportunity to do a last time buy of the ES portables at a special inventory clearance price as long as inventory supplies last.

*Please contact EFJohnson to learn more about this special offer:*
