

# Sales Bulletin

## Standard Control Head Configurations - Revised

### Available Configurations for the Standard Control Head

This list supersedes all other previously published configuration options. These will be the only configurations applicable for all sales and support contracts going forward.

#### Available in the following:

- 5300 ES (VHF, UHF, 700/800 MHz)
- 53SL ES (VHF, UHF, 700/800 MHz)

#### Available in these mobile configurations:

- Dash Mount
- Remote Mount
- Dash + Remote Mount
- Dual Remote Mount
- Desktop Control Station

#### Please Note:

- We do not currently offer or support a motorcycle configuration.
- Support for the standard control head was discontinued for Ascend ES (800 MHz) as indicated by FSB-0610-53ES-02.

SB-0511-03 Date Issued: May 25, 2011

# *Field Service Bulletin*

FSB-0610-53ES-02  
June 29, 2010

**Date:** June 29, 2010

**To:** All EF Johnson Customers

**Subject:** Product discontinuation – 5300 Ascend Mobiles with Standard ES Control heads

As the Multi-Net<sup>®</sup> protocol is being phased out; we are updating our on-going product offerings in support of the ES line of mobile radios.

This discontinuance notice affects the 5300ES Ascend Mobiles (Part Numbers 242-557(A,B)-XX(1,3,4,6,9)-(XXXX6))

As shown below, we will be discontinuing the 5300ES Mobile with the Standard LCD control head. The Ascend Mobile will continue to be offered with the spectacular Lightning Control Head (LCH).

Last day to purchase	July 31, 2010
Last delivery date	December 30, 2010
Support period will be 5 years ending	December 30, 2015
