51LT ES Portable Radio

The 51LT ES Portable Radio from EF Johnson Technologies is durable, lightweight, and versatile. The 51LT ES is ideal for agencies with a limited budget, who are seeking a simple solution to P25 compliance. The 51LT ES offers crisp and powerful digital audio with the AMBE +2 vocoder and Project 25 conventional capability in every radio. Also included is a choice between Project 25 trunked or SMARTNET®/ SmartZone® trunked capability. If you need a straightforward portable radio that is flexible and interoperable, then make the 51LT ES your clear product choice.

5300 ES Mobile Radio

The award-winning 5300 ES Mobile Radio from EFJohnson is a very capable, reliable, and flexible mobile radio that is specifically designed for the demanding needs of public safety communications. Featuring loud and clear digital audio with the AMBE+2 vocoder; seamless interoperability with analog and digital, wideband and narrowband, and a variety of trunking protocols – all installed in the same rugged radio – make the 5300 ES Series the right choice.
