

Field Software Notice

To: **PC Configure Users**
Subject: **Software Release - version 1.21.2.9**

Platform: **5300, 5100, 9883, 7780**
Protocol: **All**
Version Release #: **1.21.2.9** Part #: **039-5687-224**
Effective Release Date: **3/5/04**

Minimum Requirements:

PC Configure:	1.21.2.9	ARM:	N/A
PC Configure Code Upgrade Loader:	N/A	DSP:	N/A
PC Configure Boot Upgrade Loader:	N/A	PC Flash:	N/A
Radio Boot Code:	N/A	PC Tune:	N/A
Other:	N/A	PC Trunk:	N/A

Feature Enhancements:

Added Global's LED Disabled w/ Backlight OFF.
Added Tx Disabled to MN channels.
Added Tx Time Out and Penalty Timers to MN systems.
Allowed MN channels on Radio Wide Scan list.
Allowed the CTCSS/DCS setting in the Conventional CTCSS/DCS list to be specified as "None".
Changed Keypad Lockout settings so that the Permanent settings and the Front Only setting are mutually exclusive.
Enhanced upload for 7780 (and supposedly all radios with file format < 5.7): file formats smaller than 5.7 have their Site List and Scan List table headers in the opposite order of those in 5.7 and greater.
Expanded SN/SZ Call & Phone lists to 255 entries.
Locked Channel Selector & Volume Knob on Full Keypad Lockout
Made all buttons on the 5300 HHC programmable. *
Made Keypad Lockout and Front Keypad Lockout Only mutually exclusive.
Passwords management
UHFLo <--> UHF380 band conversion
Used the baud rate 19200 if 38400 or higher selected for the 5300.
User Group ID display option
User Group ID List for Conv/SNSZ/P25 Trunking

Field Software Notice

Part Numbers Affected:

Notes:

When flash upgrading a 5300 with a Hand Held Controller (HHC), this version of PC Configure does not carry over the defaults for clear/secure and emergency.

If you have selected "Controller Type as Hand Held" on the Global Page, after flash upgrading the radio, you will need to:

1. Read the program from the radio
2. If you were using the Clear/Secure button, go to the Radio Wide page and program the top "0" button for Clear/Secure.
3. If you were using the Emergency button, go to the Radio Wide page and program the orange button on top for Emergency.
4. Write the program back into the radio.

This will be corrected in the next release of PC Configure.

If you would like a copy of this software, please contact Sue Baldini at 800-328-3911, extension 6970.
