Supersedes Version#: **2.1.0**
Effective Release: **02/05/07**

Feature Enhancements

Comments :

- In the SN/SZ Per System screen of PCC, a check box has been added for "**Ring Until Answered**" to cause the radio to keep ringing on receipt of a Private Call until the call is answered or the radio is switched off
- Doubled the number of Talk Groups from 256 to 512
- Added "Display Selected Channel Only" that allows the radio to display the selected channel regardless of which Conventional repeater the radio is listening
- Added Decimal Talkgroup Entry for EFJohnson's Enhanced System Key
- Increased the number of fields for Code Updater
- Added emergency call tone
- Added port drivers that accommodate personal computers with multi-core processors
- To take advantage of the new communication port drivers, customers will use the USB communications port of the computer and a USB to serial adapter to interface between the communications port of the personal computer and the EFJohnson RPI box
